5/27/08

2. B. Intersection Review of Jamacha Rd & Helix St and request for signalization; Presenter: Walter Lake; Proponent: DPW
Secretary, Marilyn Wilkinson, had to leave meeting early @ 8:15 pm
Motion against installation of traffic signal with a study to be made of all possible measures to remedy the situation. Vote: 8-0-0
- C. County General Plan Update: Updated Draft Land Use Element & Draft Environmentally Superior Map; Presenter: Lora Lowes
The new oxymoron Environmentally Superior Map, fourth in a series of maps, shows SV1 @ 30 units/acre as opposed to the SVCPG's recommendation of 20 units/acre. Spring Valley has the highest existing density in SD County. This new map shows the General Plan Update committee's reluctance to reducing SV density as requested. SVCPG would like to see SV2 to be categorized as general commercial. No vote was taken because a letter is being drafted with our recommendations to the General Plan Update committee.
3. **Committee Reports:**
 - A. Chair Report: Chairman Montgomery – none
 - B. Pointe Project, Trails and Parks: Marilyn Wilkinson – On behalf Marilyn, Chairman Montgomery stated that Ric Williams of The Point project is working on Jamacha Blvd improvements as he promised to do many months ago.
 - C. Code Compliance Assistance: Jeff Wilson – Wants all code compliance issues to go through him so he can work with Gilbert at the SV Community Ctr on Mondays.
 - D. Transportation: Walter Lake – Spoke with Cal Trans & Public Works about the southbound Kenwood to Hwy 94 westbound entrance proposed Yield sign, which is currently an all-way Stop sign, and found out that they both jointly hold responsibility. Because of this new finding, Walter doesn't suspect anything will change anytime soon.
 - E. Crematorium: Lora Lowes - no burning issues
4. **Announcements / Future Items:**

SV Elementary School Task Force has voted to move the students to other schools via busing and try to use some of the buildings for other purposes.

SV Fitness Program at the SV Community Ctr is coming to completion.

SVCPG members holding odd number seats must register with SD County Voters Registrars office by July 13 to be included on November's ballot.
5. **Adjourned at 8:10 PM**

Approved,
S. Montgomery

July 8, 2008

Subject: Letter of Support for Safe Routes to School Sidewalk Improvement in Spring Valley

To Whom It May Concern:

At its regular meeting on July 8, 2008, the Spring Valley Community Planning Group voted to send a letter expressing support for a Safe Routes to School funding request being submitted by the Department of Public Works. From personal observation I emphasize there is an urgent need for this improvement.

The Spring Valley Community Planning Group strongly supports the following Safe Routes to School funding request:

Kempton Elementary and La Presa Middle Schools.

The project proposes to install sidewalks on Jamacha Blvd from Kempton Street to Sacramento Avenue.

Most respectfully,

Scott Montgomery
Chairman, Spring Valley Community Planning Group
